

INDICATORS OF GROUNDWATER DEPENDENT ECOSYSTEMS DATA REQUEST FORM

rev. 2026-07

Use this form to request the raw data layers prepared and used by The Nature Conservancy (TNC) to create the Indicators of Groundwater Dependent Ecosystems (iGDE) in Nevada Story Map dated June 2019 and the Nevada GDE Stressor and Threat Assessment dated April 2022. Please fill out this form as completely and specifically as possible. By submitting this form you agree (i) to TNC's applicable Terms of Use (<http://conservationgateway.org/Pages/Terms-of-Use.aspx>) and Privacy Policy (www.nature.org/privacy), and (ii) that any use of the data shall be exclusively for legal and non-commercial purposes. Please see the database metadata for additional limitations on use and accuracy of the data. Please allow at least two weeks for delivery. Questions about your request can be directed to the Nevada Division of Natural Heritage (NDNH) Data Manager, 775-684-2915. Technical questions about the Nevada iGDE project and Story Map can be directed to TNC, 775-322-4990. There is no charge for these data.

Comments:

BY SIGNING BELOW, I acknowledge that I have read and agree to the following:

- (1) All data supplied, and the analytical tools and processes from which they were derived, are the privileged, confidential property of TNC and/or those who supplied the data to TNC, and will not be provided to a third party without consent;
- (2) In any use of the data, TNC will be cited as a source; and
- (3) The iGDE data contained in the layers were prepared in 2019, and the stressor and threat attributes were prepared in 2022. All data represent a snapshot in time based on the best available data at the time. These layers are not being updated.
- (4) Boundaries in the Nevada iGDE database are not intended for legal uses and no warranty, expressed or implied, is made by TNC or data contributors as to the accuracy of the data.
